Arholma Table Lamp

1970s form, soft glass, no glare

The proportions come from the 1970s — a sturdy chrome base, slightly tapered, with a glossy glass shade that rounds at the top. The shade diffuses the LED into a soft glow rather than a point of brightness. Three colour options — cream, pink, and white — let the lamp read neutral or accent against the room. Plug in, place, done.
