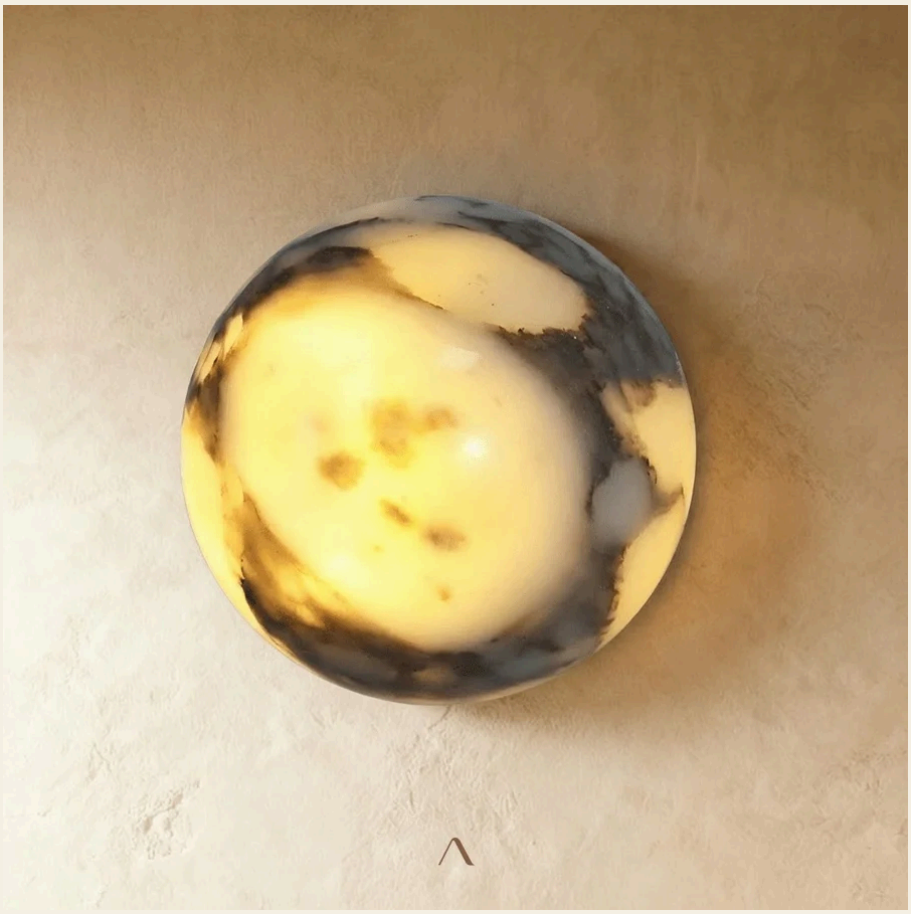
PRODUCT SHEET · WALL LIGHT



Bedar Wall Light

A stone sphere, glowing from inside

The Bedar shapes solid stone into a softly rounded sphere, and once lit, its interior marbling shows through the glow. It reads as sculpture as much as light source — compact enough to sit close to the wall, warm enough to anchor a hallway or bedside corner. Every piece carries its own veining, so the glow pattern shifts fixture to fixture.

SPECIFICATIONS · SHARED

DIMENSIONS	D 12 cm
WATTAGE	5W (500 lm)
WEIGHT	1.6 kg
MATERIAL	Stone
FINISH	White, black
LIGHT SOURCE	LED (replaceable), G9
BULB INCLUDED	Yes
