Konz Pendant Light

Glass and aluminium, colour your way

NAVA DECOR · Konz Pendant Light

PENDANT LIGHT · 2 SIZES
ND-KONZ-D98 — ND-KONZ-D13

The Konz Pendant keeps its shape simple: a rounded glass lampshade on a slim aluminium frame, hanging from an adjustable cord. The glass does the work — diffusing the G9 LED into a warm, even ambient glow rather than a point source. Six colour options run from clean white to deep green and warm orange, so the pendant can read as a subtle accent or a deliberate statement depending on the room it goes into.

SPECIFICATIONS · SHARED
