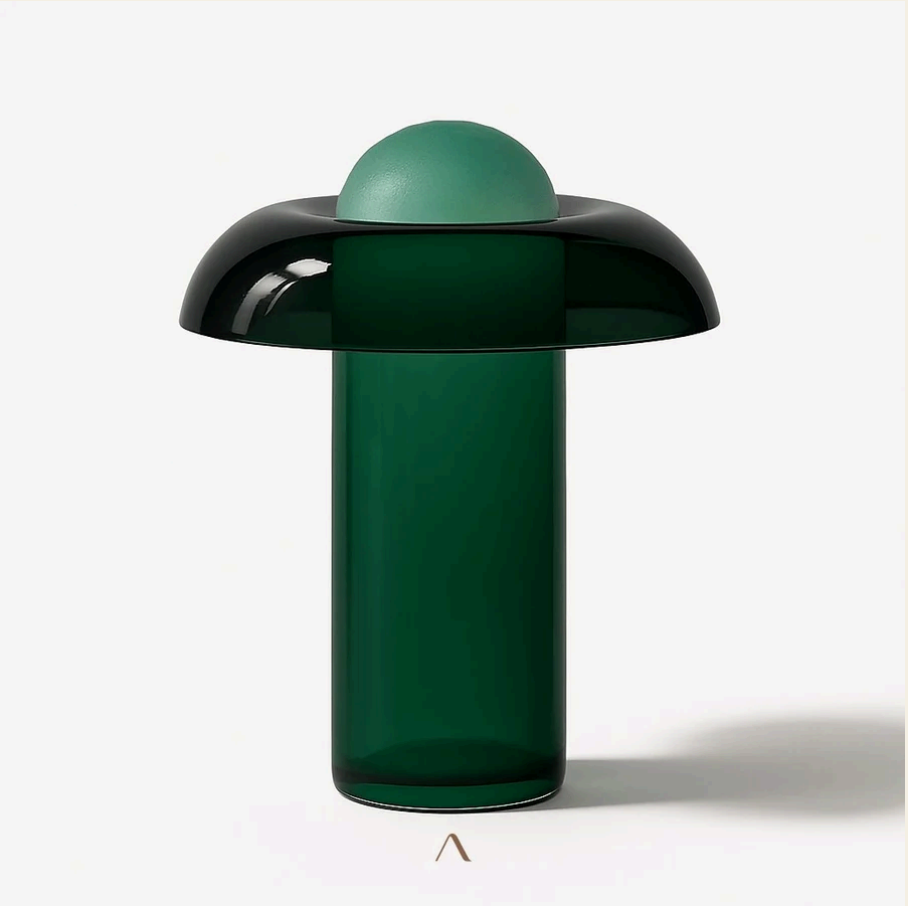
PRODUCT SHEET · TABLE LAMP



Benaocaz Table Lamp

Green glass, the light glows through

The Benaocaz uses a transparent glass body in deep green — not a shade over a bulb, but a vessel that carries the light through it. When it's on, the whole form glows softly; when it's off, the coloured glass reads as an object in its own right. G9 LED, 5W, metal base, at 30 x 50 cm.

SPECIFICATIONS

MATERIAL	Glass, Metal
FINISH	Green
LIGHT SOURCE	LED G9 (replaceable, included), 5W (500lm)
DIMENSIONS	D30cm x H50cm
WEIGHT	3kg
