PRODUCT SHEET · WALL LAMP

Taunus Wall Lamp

A stained glass ball, held in iron

The Taunus Wall Lamp sets a round stained glass shade on a slim iron arm, so the light passes through colour before it reaches the wall. Choose grey, blue, or red — each tints the spread differently, from a cool pewter wash to a deep warm ember. The iron arm is sturdy, the glass temperature-resistant and fade-proof, and the G9 LED is easy to swap when needed.

SPECIFICATIONS

MATERIAL	Iron, Glass
FINISH	Grey / Blue / Red
LIGHT SOURCE	LED G9 (replaceable, included), 5W (500 lm)
DIMENSIONS	22.7 x 15 cm
WEIGHT	800 g
