Sloe Table Lamp

Alabaster snowflake, warm organic glow

The Sloe Table Lamp is shaped from natural alabaster marble — a stone that transmits rather than reflects light, so the snowflake form glows from within rather than casting outward. Three G9 LEDs sit inside, and the stone spreads them into a warm, even wash. It plugs into a wall socket, needs no installation, and weighs enough to feel like an object worth keeping.

SPECIFICATIONS · SHARED

MATERIAL	Alabaster Marble
LIGHT SOURCE	LED G9 x 3 (replaceable), 15W (1500 lm)
DIMENSIONS	L30 x H24 cm
WEIGHT	10 kg
INSTALLATION	Corded wall plug
DIMMABLE	No
