PRODUCT SHEET · PENDANT LIGHT

Tarnos Pendant Light

Teal glass, copper crown

The Tarnos hangs a deep teal glass globe from a polished copper top, so the light passes through the colour before it reaches the room — warm and gently tinted, not the flat white of a bare bulb. The twisted cord is a deliberate touch: visual weight that softens what could have been a purely industrial form. One E27 bulb, replaceable.

SPECIFICATIONS · SHARED

MATERIAL	Glass, Copper
FINISH	Green / Blue
LIGHT SOURCE	LED E27 (replaceable, included), 12W (1200lm)
DIMENSIONS	D 13 cm x H 17 cm
